

HOLE IN 1 CLUB

The Hole in one club was established by the FWGA as an optional item for club members. The following guidelines apply:

- The cost is \$5.00 per member to join.
- You must be a member in good standing of the FWGA to join.
- Hole in one must be made during an official "league sanctioned" event. These events must be established as sanctioned prior to the event. Sanctioned events include Thursday play days March-October.
- There are no refunds.
- Money will be put aside (along with proper member documentation) until a winner has been declared.
- Once a winner has been declared and the money is paid to them, you must re-join the Hole-in-1 club by submitting a new form and paying \$5.00.
- **If** two or more people make a hole in one on the same day during a sanctioned event, then the money will be split evenly between the members making a hole in one.
- A member must join before a sanctioned event in order to claim a hole in one for that particular event.
- A member cannot make a claim on the same *day* that they join unless they join before the membership tees off that day.
- This form must accompany \$5.00 payment to be valid.
- Money cannot go to any other use.

I have read the above statements, and accept the conditions.
